Sara,

Attached is the revised Work Plan for the Riverside Ag Park. See below for additional details.

Regards,

Ross

Maryam,

Attached, please find the revised Work Plan for the former Riverside Ag Park. The following changes have been made to the February 10, 2016 version of the plan:

- The Air Monitoring section on page 6 was updated to include a reference to the Air Monitoring Plan Addendum (Appendix A).
- The Cleanup Goal section on page 6 was updated to include a reference to recent soil sampling results (Appendix B).
- Figures 1-4 have been revised to indicate the correct designation of fill vs cut lots.
- Figure 5 has been updated with a current aerial photo.
- The Air Monitoring Plan Addendum was added as Appendix A.
- Appendix B was added and includes a cover letter, data summary tables including results from samples collected from March 22 to May 23, 2016 (data already provided to Greg), a site plan with sample locations, and laboratory data on a CD.

The laboratory data is being send overnight on a CD.

Please let me know if you have any questions or need additional information.

Regards,

Ross Surrency, PG
